RE: Port of Northern Montana Multimodal Hub Center TIGER III Application

Dear Mr. Secretary,

This letter conveys the City of Cut Bank's support for the Port of Northern Montana Multimodal Hub Center project, for which the Northern Express Transportation Authority has requested \$9,998,910 in TIGER III grant funding. Federal funds will be combined with a \$7,346,558 non-federal match that has been committed to the project and dedicated to completing it.

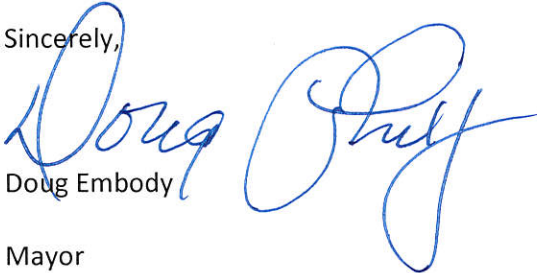

Montana is the fourth largest State in the nation yet we currently do not have the ability to ship or receive containerized cargos for import or export due to the lack of a multimodal facility capable of accepting and delivering unit trains of containers.

This project would construct Montana's first multimodal facility to facilitate the export of agricultural commodities and manufactured products--a noteworthy commercial accomplishment. Montana manufacturers lack the ability to containerize their cargos for export delivery to world markets. The facility as proposed would serve to address this statewide shortfall in export potential.

The project is 100 percent ready to go. It has received all required environmental clearances including Categorical Exclusions from the Federal Highway Administration and the Federal Railroad Administration.

As funding applications are evaluated, I would hope that you would carefully consider the project's merits.

Sincerely,

Doug Embody

Mayor

City of Cut Bank
