Job Creation

Job creation is based upon the NOFA revised guidance (construction jobs Estimated construction cost is the construction cost/ \$76,900 per job). <http://www.dot.gov/tiger/application-resources.html>

A Marad tool kit was used for ongoing job creating on a transportation/port terminal at 4.3 jobs per 1000 containers. <http://www.marad.dot.gov/>

In addition, actual estimated jobs created by new private companies committing to investments in the industrial area surrounding the Hub were included. See funding commitment letters and letters of support from committed facility users at http://www.pnmshelby.com/tiger_iii_grant.htm
